

# FACILITY MAINTENANCE

“One of the best ways to reward a job well done is to reward with more work. We’ve done that. The character and competence of Lamar Construction shines brightly. We consider it a privilege to have a supplier such as Lamar Construction help us achieve our goals.”

- Jim VanderKolk | President, Royal Technologies

## FACILITY MAINTENANCE

## ONE SOURCE. UNLIMITED SOLUTIONS.

For over 25 years Lamar Construction Company has provided a variety of maintenance, repair, and renovation services. From concrete construction to interior details, Lamar Construction's Facility Maintenance Team has the experience and resources to deliver a uniquely broad scope of solutions.

Whether you have a roof in need of repair, a wall to move, or an entire office space to build out, Lamar Construction's Facility Maintenance Team will manage every detail of the project from start to finish, from concept design to permit acquisition to final touches. After an in-depth consultation, we'll present you with options that not only meet your practical needs, but also meet your deadline and your budget.

Regardless of the scope and nature of your project, if you're looking for service, quality, and convenience, Lamar Construction's Facility Maintenance Team is your single-source solution.
