

DAN DEJONGE LEED AP

Senior Project Manager | ddejonge@lamarconstruction.com

Professional Profile

Dan DeJonge has been with Lamar Construction Company in various capacities since 1987. In his current role of senior project manager, Dan oversees a variety of project types, with a focus on medical facilities, high-end retail and office buildings, and LEED® certified projects.

As Senior Project Manager, Dan will oversee and coordinate all aspects of the construction phase, and will be the owner group's primary contact throughout the duration of the project. Dan will conduct weekly progress meetings with the clients, field management team, and subcontractors, ensuring that all parties are kept up to date.
