

# TIFFANY STUART

Project Manager, Pre-Construction | [tstuart@lamarconstruction.com](mailto:tstuart@lamarconstruction.com)

## Professional Profile

Tiffany Stuart joined Lamar Construction in 2010 and has been working in the construction industry since 2003. Starting out as an assistant project manager and now a project manager, her attention to detail, education, and experience have allowed her to efficiently manage projects from start to finish. Tiffany's ability to effectively communicate with the project team is a key asset.

At Lamar Construction, Tiffany's strengths and main focus encompasses the start-up phases of the construction process. From designing conceptual site layouts with client's requirements and zoning ordinance interpretation, interacting with engineers and architects, attending municipal board meetings, submitting for and obtaining all governing permits, Tiffany collaborates well with all parties to exceed satisfaction and to ensure a seamless transition to the actual construction phase.
